

My name is Bruce Bordelon. I would like to be considered as a nominee for the Board at Eagle Roost Airpark.

I am 65 years old, a semi-retired veterinarian from Minnesota; I practiced for 36 years. My wife, Kristin, works for Mayo Clinic in Rochester, MN at this time. Kristin and I joined the Eagle Roost Airpark Community three years ago, residing 51208 West Pete Road. She and I, for 32 years, owned and directed a busy companion animal practice. These years of veterinary practice management earned me in-depth business skills, problem solving compatibility with others, and communication skills with clients and employees. These past experiences will allow me to be of service on the Board of Eagle Roost.

My wife and I are both pilots, and look to enjoy many retirement years with you at Eagle Roost.
