

BIO OF JANET RIFFLE

I am running for the Eagle Roost Board of Directors because I want to have a say in the future of our community.

I have lived here since 1996 as a full time resident with my husband Jim. I served on the Board from 2000-2006 in the capacity of Treasurer. For 38 years we operated a telescope manufacturing company. I ran the financial side and Jim ran the technical side. Although I am not a pilot, after having lived here for 22 years I understand the needs of an aviation community.

I strive to take a common sense approach to matters with input from all community members. I think it is important for full time residents to serve on the board since there are ongoing issues and concerns throughout the year, not just when the weather is nice.

I would appreciate your vote and will do my best to accommodate all viewpoints in order to maintain the enjoyable lifestyle we have here in Eagle Roost.
